MULTI PALLET HANDLER

Accomplish More. Reduce Costs.

The Cascade G-Series Single-Double Pallet Handler. Designed for the fast-paced demands of bottling, brewing, production, and warehouse logistics, this powerhouse is built to perform in real-world conditions. Need to move a single pallet? No problem. Need to maximize efficiency? Effortlessly spread the forks hydraulically to lift, carry, and sideshift multiple pallets at once. Tackle demanding applications with ease and keep your operations moving smoothly!

Designed for superior visibility at fork tips across and above the chassis, the Multiple Pallet Handler ensures fast, safe, and damage-free handling. Built with high-quality components and optimized features, it allows for quick and easy replacement of wear-prone parts, ultimately reducing service costs and maximizing uptime.

Move More Faster!

Fork Type (1/2/3 in 1)	Pallets Moved (per truck)	Pallets Moved (per day, 50 trucks)	Time Saved (per day, 50 trucks)	Labor Cost (per year)	Potential Profit (per year)
Standard Pallet 	1	100	0 hrs	\$2.5M	\$1M
2/1 Multi Pallet 	2	50	6.7 hrs	\$1.25M	\$3.25M
3/1 Multi Pallet 	3	25	13.3 hrs	\$625K	\$4.85M

Compatible Equipment

3-WHEEL SIT DOWNS

Tightest turning radius for a Sit Down truck

4-WHEEL SIT DOWNS

Great choice for many MHE applications.

ELECTRIC TRUCKS

Best choice for most indoor applications

PROPANE TRUCKS

Best choice for most outdoor applications

HIGH CAPACITY TRUCKS

Best choice for very heavy and rugged outdoor applications

STAND UP TRUCKS

Great for dock to stock travel and easy exit and entry.

REACH TRUCKS

Best option for high and deep reach storage.

VNA TRUCKS

Best choice for most narrow aisle applications
