

TITAN

HAND PALLET TRUCK

THE FORCE BEHIND WORKFLOW

The all new hydraulic pump design is the engine driving the Titan series. The pump body is cast in one piece, which keeps oil in the pump and off your floor. A new lowering valve cartridge provides superior operator lowering control. The durable thrust load ball bearing and plate equipped with grease fittings makes load steering easier.

PRODUCTIVITY

The Fork-Tip Simplicity is forged with solid slide entry brackets and steel exit rollers, making pallet entry and exit easier so you can be more productive.

DURABILITY

Every part of the Titan is durable. The metal surfaces have a durable powder coating that keeps paint on the truck and off your product. The robotically welded chassis is reinforced to withstand wear and tear. The bushings at all pivot points and fitting at thrust bearing collar give it a longer service life—helping your workflow to keep moving.

ERGONOMICS

Power meets comfort. With non-marking nylon wheels and rollers with shielded ball bearings that help the operator comfortably haul heavy loads.

High quality wheels, rollers and ball bearings

Loop design for comfort and safety

New design improves performance and reliability

Fork tip design provides smooth pallet transition

STANDARD SPECIFICATIONS:

- Capacity: 5,500 lbs
- Low Height: 3.00 inches
- Raised Height: 7.75 inches
- Wheel Diameter: 7.00 inches
- Wheel Type: Nylon
- Roller Diameter: 3.00 inches
- Roller Type: Nylon
